

CLERK: 329, Senator, I do have E & R pending.

SPEAKER BAACK: Senator Hohenstein.

SENATOR HOHENSTEIN: Move the adoption of the E & R amendments to LB 329.

SPEAKER BAACK: Heard the motion to adopt E & R amendments to LB 329. All those in favor say aye. Opposed no. They are adopted.

CLERK: Mr. President, Senator Moore would move to amend the bill.

SPEAKER BAACK: Senator Moore.

SENATOR MOORE: Mr. Speaker and members, amendment 2226 found on page...Journal page 2369 simply reappropriates the balance in the deficit bill. We already have a deficit appropriation in the cash fund area for Game and Parks Commission to construct stable and corrals at both Chadron and Indian Cave. At this point in time, it does not appear likely that that construction will be complete by the ending of this fiscal year and so what this amendment simply does is reappropriate the balances for those projects into the next biennium and, just for everybody's historical perspective, this used to be a much more common practice. A few years ago there was some concern that some of these projects were getting reappropriated...getting a little too often this was happening and so we've cut down significantly on the amount that we do this, but at this point in time it's certainly, it's an isolated case and, with that in mind, this simply...it doesn't change the appropriation at all, only reappropriates the balance of those two specific projects in the area of Indian Cave stable and corrals and Chadron...and up in Chadron. So, with that, I'd ask for the adoption of this technical amendment.

SPEAKER BAACK: Thank you, Senator Moore. Discussion of the amendment by Senator Moore. Seeing none, we will vote on the amendment. All those in favor vote aye. Opposed vote no. Record, Mr. Clerk.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of Senator Moore's amendment.
